PREMIUM QUALITY

PORCELAIN LANDSCAPE TILE

FOR OVER 40 YEARS, UNILOCK HAS LED THE LANDSCAPE INDUSTRY with the best selection of manufactured hardscape products. Today we are pleased to extend our reputation for uncompromising quality porcelain tile manufactured in the USA, and tile imported from Italy.

Premium quality porcelain landscape tile from Unilock is not only aesthetically beautiful, but you can be assured that it is tough enough for your outdoor environment, withstanding typical North American freeze-thaw cycles.

The colorfastness and stain resistant properties of Unilock porcelain landscape tile, make it ideal for overlay application on new and existing concrete decks, porches, balconies, and even wood decks.* The realistic colors and textures blend well with Unilock EnduraColor™ and EnduraColor™ Plus pavers.

APPLICATION TYPE

Patio & Pool Deck Overlay

Pedestrian Load Only

Step Overlay

**Refer to Unilock Porcelain Landscape Tile Installation Guide.*

PREMIUM QUALITY

PORCELAIN LANDSCAPE TILE

Premium quality porcelain landscape tile from Unilock is perfect for concrete overlay applications. The sleek style and sophistication is coupled with realistic textures, slip resistance and non-fading color for long-term wear performance. Its low profile thickness makes it ideal as a concrete or wooden deck overlay product, especially where installations have height or weight constraints.

Porcelain landscape tile must always be installed by a qualified contractor for best results. Refer to the Unilock Porcelain Landscape Tile Installation Guide for complete installation specifications.
